TALHA KHALID
Web Developer

talhakhaliddhariwal@gmail.com | 03036810903 | Pasrur,Sialkot,Punjab ,Pakistan

PROFILE SUMMARY

I am a versatile and proficient programmer with extensive experience in C, C++, Java, and Python. I am skilled in developing efficient and reliable software solutions across various platforms, with a strong background in system programming, algorithm optimization, and application development. I am adept at writing clean, maintainable code and leveraging best practices in software engineering. My experience includes debugging, performance tuning, and employing robust error-handling techniques. I have demonstrated the ability to work effectively in both team environments and independent projects, with a strong commitment to continuous learning and staying updated with the latest industry trends. Additionally, I specialize in front-end web development and have built many multipage websites using my front-end knowledge.

EDUCATION

Punjab College Pasrur   *2020 - 2022*

- FSC in Medical
- 788 /1100

Agriculture University FSD   *2022 - cont..*

- Bachelor of Computer Science
- 3.01CGPA

WORK EXPERIENCE

Web Development   *2023*

- I am currently engaged in creating various web development projects, applying my skills to build dynamic and user-friendly applications. These projects enhance my proficiency in front-end and back-end technologies, showcasing my ability to develop innovative solutions.

                                                                 2024 -

Python Developer

- I am currently developing a game using Python, applying my programming skills to create an engaging and interactive experience. This project, along with other ongoing endeavors, showcases my ability to manage multiple tasks and innovate continuously.

PROFESSIONAL SKILL

- Web Developer
- Python, Django
- C,C++
- SQL
